What pre-money valuation are you expecting for your company in the current funding round? (€)

(An estimate of how much your company is worth prior to the investment. This is not directly related to revenue gained but rather to growth potential. This is of course subject to negotiation.)

Stage of the company

Idea Stage: you're currently working on an idea for a product/service.

MVP/Seed Stage: you have built a minimum viable product.

Product-market fit: you have validated that your product/service satisfies a market demand.

Scaling Stage: you're focusing on growth in users, customers, revenues or market share. ☐ Idea Stage ☐ Product –market fit
